

## 276 FILE FOR MAJOR PARTY COMMITTEES

Two hundred seventy-six persons had filed as candidates for posts as Republicans or Democrats in the Adams County committee at the close of the filing period Monday afternoon at 4 o'clock.

Of that number 154 were Republicans and 122 Democrats. The committee members will be elected at the primary May 15.

With 132 Republican posts to be filled, three in each of the 44 districts, it was obvious that some districts were going to have a "fight" for the post. But there were some districts in which the number of candidates was less than the required three.

The Democrats have a staggered system whereby two committeemen are elected from some districts. In others two committeemen and a committeewoman are elected. There were 122 Democrats who filed petitions for committee posts, 89 men and 33 women. Again in some districts there were more than enough candidates and in others vacancies will have to be filled by write-ins.

The list of those who filed follows:

## LIONS INSPECT NEW VISITORS' CENTER HERE

The Gettysburg National Park Visitors' center soon to be opened to the public here was "No. 1 on the priority list for Gettysburg for 23 years," National Park Superintendent James B. Myers told members of the Gettysburg Lions Club Monday evening as they toured the million dollar establishment after their dinner meeting.

Superintendent Myers told the clubmen the new building came close to being constructed before World War II and again was being planned before the Korean conflict. When it was started two years ago, it placed Gettysburg on the same level as other major Civil War battlefields, all of which have already had visitors' centers constructed.

He said the Gettysburg center is distinctive in that it provides for the display of the 358-foot cyclorama painting of Pickett's Charge in addition to serving the two functions expected of most National Park centers — display space for historical objects and administrative office space.

### MAKE GIFT OF \$78.75

## ASKS BOARDS TO CONSIDER MERGER VOTE

School directors of the Gettysburg Joint School District were asked Monday evening by Col. Thomas Allen of the Highland Twp. board to consider another merger try at the November general election.

In a merger vote in 1960, only Gettysburg borough and Freedom Twp. voted in favor of the merger. Col. Allen pointed out that while Act 561, passed by the 1961 session of the legislature, will bring great changes in the public school districts when it goes into effect in 1965, there are benefits which districts may gain in the meantime—and which he said might well prove to be permanent if school districts merge voluntarily.

He said districts in the state which have formed mergers are benefiting by extra state appropriations to the equivalent of several mills of taxation, and he urged the Gettysburg District directors to consider another effort to gain those advantages here.

### DISTRICT MEETING

He said, "We can hold onto our little districts and die that way or we can merge and gain many benefits." He and other directors agreed that in the last merger vote an inadequate job had been done on educating the public to the benefits of a merger.

It was decided to refer Col. Allen's proposal to the local boards for discussion and consideration.

Col. Allen, who is also district director for District 6 of the Pennsylvania State School Directors' Association and a member of the executive board of the state association, announced plans for a district meeting April 23 at Susquehanna High School when speakers for and against the School Reorganization Act will be heard and Atty. John A. MacPhail of Gettysburg will serve as moderator of a panel discussion on the same topic. Directors were urged to attend.

## Report U.S., England May Quit Sweeping Inspection Plan Of Nuclear Weapons

By ARTHUR GAVSHON  
GENEVA (AP)—The United States and Britain were reported today to have dropped proposals by President Kennedy for a sweeping international inspection system to safeguard against secret Soviet preparations for nuclear weapon tests.

A high Western source said U.S. and British experts had advised Secretary of State Dean Rusk and British Foreign Secretary Lord Home that the President's proposal was impractical because of continued Russian opposition to widespread foreign inspection behind the Soviet frontiers.

Rusk and Home were reported to believe the best they can hope to negotiate is an agreement providing for some sort of spot checks in known testing areas.

### FOILED BY REDS

Kennedy recently cited the need for safeguards against secret test preparations because the West was taken in by the Russians

### CASTRO ADMITS FAILURE; ORDERS DRASTIC RATIONING OF VARIETY OF CUBAN FOOD

By GEORGE ARFELD  
HAVANA (AP)—Prime Minister Fidel Castro, admitting his 3-year-old revolution faces serious problems, announced drastic rationing of food and other staples Monday night and declared: "We are ashamed of not fulfilling the promises made."

Castro blamed the current hardships on counter-revolutionary elements and "the brutal economic blockade"—the U.S. embargo. President Kennedy ordered last month on shipments to Cuba of nearly all American goods except medical supplies.

The bearded prime minister also admitted that his regime had made serious blunders in planning "because we made subjective analyses."

William Franklin Hoff, Hanover R. 1, and Russell Sterling Wonder, Hanover R. 3, were sentenced to 2 1/2 to five years each in the Eastern State Penitentiary by the Adams County court this morning for their share in the burglary of a home near Bonneauville during which they broke a number of window panes of the house and for the burning of a barn and house near White Hall.

The two had been found guilty of the charges of burglary and larceny, receiving stolen goods and malicious mischief and arson by a jury last month, but appealed the verdict of the jury. Before handing down its sentence this morning, the court overruled the motion for a new trial.

Richard Luther Laughman, Hanover R. 5, who was found guilty with Hoff and Wonder on the burglary and larceny, receiving stolen goods and malicious mischief charges, was sentenced to serve from six to 12 months in the county jail stating from November 29, the date of his incarceration.

### SENT TO WORKHOUSE

## NEW PROBLEM REVEALED AT SENIOR SCHOOL

Construction work on Gettysburg's new senior high school continues well ahead of schedule despite recent inclement weather but Monday's rains and melting snow brought to light a "serious" sewage problem there, members of the joint school committee of the Gettysburg Joint School Board were told Monday evening at their March meeting.

The new high school is 40 per cent complete although masons have been able to work only 10 days in the last month and other work has to await their progress. Steel work is 99 per cent complete, the directors were told.

Henry Pettit, the architect's representative on the job, told the directors that flooding Monday showed that great amounts of storm water are finding their way into the sanitary sewer and "one manhole opening had a three foot head of water in it yesterday."

### FEAR SEWAGE LEAKAGE

He pointed out that the floor level of shower rooms off the new gymnasium in the new building are only three feet above the sewer line "and if a three-foot head of water or more develops after the building is finished we'll have raw sewage on our shower room floors," he said.

Pettit said he has attempted to get in touch with municipal authority officials about the matter and was directed to confer with Arthur E. Hutchison, who is a member of the municipal authority board and the school authority board of directors.

One school director said the sewer problem is not confined to the high school area. "It's general in many parts of town and sometimes where there are heavy rains, they have to park cars or trucks on manhole covers to keep them down. There's an arrangement, too, for shutting raw sewage into Rock Creek during flood waters when the sewer lines can't handle the flow. It's a situation the municipal officials are aware of," the director said.

The committee adopted a finance and planning committee recommendation for the erection of a bituminous curb, steel post and a guard rail along the east side of the alley in the rear of Baltimore St. near the new school.

### DURBORAW RESIGNS

The guard rail was described as necessary because of excavation for the new school. The cost was estimated at \$4,500 for 460

## CLAIMS RADAR IS VIOLATION OF AMENDMENT

The use of radar to apprehend speeders violates the due process clause of the 14th amendment of the U. S. Constitution by placing on "unconscionable burden" on the defendant, Attorney Oscar F. Spicer declared Monday afternoon in argument before the Adams County court.

The argument in which Spicer represented the defendant, Mrs. Sara B. Gideon, Baltimore St., and Attorney Elmer T. Bolla, deputy attorney general of Pennsylvania, represented the state, was based on an appeal by Mrs. Gideon from a radar arrest last October 29 on the Route 15 bypass just south of York Springs. She was charged with driving at 60 miles an hour in a 50-mile per hour zone.

Spicer claimed that the "use of radar allows an instantaneous timing for speed for fractions of a second and makes it impossible for a defendant to disprove the charge of speeding. In this case the state's expert testified that radar is perfect. This runs contrary to all human understanding. In fact, in an age when millions of dollars are spent on electronics research it is public knowledge that failures have been multitudinous and colossal."

### WEATHER FACTOR

"In the field of common knowledge we all know that weather affects radio transmission, television transmissions and therefore radar transmissions."

The state argued that if any factors affecting the radar had been present it would have shown up on the radar.

Bolla declared that the timing was not for just one spot but over a range of 300 feet while the car was in the limits of the radar beam. He said, "The car was going 60 miles an hour when it entered the beam and 60 miles an hour 300 feet later when it left the beam." He also said that use of radar gives an advantage to the motorist. "If the speed shown on the radar had been 55 miles

"BE SILENT"

It is better to be silent . . . if we don't know what to say . . . for silence is a golden thing . . . that often saves the day . . . whereas words we idly spin . . . may lead us to a fall . . . while silent lips speak louder still . . . and answer any call . . . eyes say more than the lips can . . . and without a single sound . . . if we are searching for the truth . . . within the eyes it's found . . . and of course we know that action . . . speaks louder than words . . . doing, helps us through our troubles . . . with the speed of soaring birds . . . still and all we keep on talking . . . piercing most reluctant ears . . . spreading hate and discontentment . . . fostering great doubts and fears . . . so it is we should remember . . . when we tend to talk too much . . . silence is the heavy hitter . . . when we're battling in a clutch.

Quantities of other rationed items were not specified. Castro said food supplies for restaurants also will be curtailed as much as 50 per cent to prevent comparatively better off Cubans from circumventing rationing.

"Those who have money have been eating in the restaurants," he said, "and they haven't felt the scarcities."

Castro put most of the blame for the shortages on "Yankee imperialism" and the hell he said he inherited from the regime of ex-President Fulgencio Batista, whom he toppled Jan. 1, 1959. Castro admitted his own regime had complicated the country's problems by driving away some of Cuba's most skilled manpower. More than 200,000 persons have left Cuba since 1959.

The directors adopted a salary schedule for professional personnel and decided that teachers who reach the maximum under the schedule may earn up to two additional increments for each six hours of postgraduate college study completed. The increments would be issued on recommendation of the administration.

The board also decided not to stipulate a minimum starting salary but fix each salary on the applicant's qualifications. It was also ruled that any teacher without a valid certificate will have to be able to certify the completion of at least 120 hours of college work in order to continue on the faculty.

A report was received from the insurance agent of record which showed that the district's school buildings and contents have been valued at \$2,305,578 and are being insured under the Public Institution Property plan.

## Out Of The Past

### From the Files of the Star and Sentinel and The Gettysburg Times

#### FIFTY YEARS AGO

**Bad Fire Caused By Explosion:** Explosion of a gasoline illuminating plant in the kitchen of Shultz's Cafe on Carlisle Street, caused a fire Wednesday evening which might have produced more serious results had not prompt action been taken by the Fire Company.

An alarm was sounded at twenty minutes past five o'clock and five minutes later the fire engine was connected to the plug at the southeast corner of Centre Square. In the meanwhile hose connection had been made to a plug on Carlisle street and a number of firemen were playing a stream of water on the blaze.

**New Buildings This Summer:** Despite the numerous building operations of the past few years this season promises to equal former records. An unusual number of people are contemplating the erection of dwellings, and at least one manufacturing plant will be built as soon as the weather permits continued work in the open. Contractors and masons generally have been complaining of the severe winter and lack of indications for an early spring.

**Local Dealers Sell Automobiles:** Activity in the automobile business has continued throughout the winter at a brisk rate for Gettysburg. There are reported about seventy cars owned in town. Eighteen 1912 models have been delivered by the three local dealers and several purchases have been made away from town. The Gettysburg Motor Car Co. reports selling nine of this year's models. The Crescent Auto Co. has sold six cars and the Central Automobile Co., which has only been in operation for the past few months, has sold three machines.

**Tax Collector Frock Resigns:** William H. Frock, for the past twenty years tax collector for the borough of Gettysburg, has announced his intention to resign from that office. A number of local residents are aspiring for the position which he relinquishes after a long term of service and the candidates are busy circulating petitions for their appointment.

Mr. Frock gives as his reason for resigning that he has held the office long enough, that there are a number of bothersome details in the business with which he does not care to be burdened any more, and that a younger man should have the work.

**Peach Crop Is Ruined:** Reports from the fruit growers in the upper end of the county state that the peach crop for this year was practically ruined by the extreme cold weather of January.

It was at first thought that the trees were only slightly injured and that the entire crop was not destroyed, but as long as the wood was frozen it was impossible to ascertain to what degree the cold had wrought injury. However since the weather has become warmer, examinations show that the bark has become loosened from the wood and that the wood beneath is black.

**Wild Cats Raid Roosts:** A family of wild cats have put in their appearance, around Pen Mar, causing great depletion in the poultry yards and consternation among residents in that vicinity. Last week Fred Gallion was awakened by the shrieks of several of the animals. Putting on his clothes and arming himself with several pistols he took a lantern and started for his hen house to investigate.

The wild cats, seeing the light, ran off and did not appear again, but at intervals during the night their waiting could be heard in the distance.

A marriage license was issued by the clerk of courts Monday to John Lawrence Smith, son of Mrs. Grace Matilda Smith, New Oxford R. 1, and the late John L. Smith, and Nancy Mildred Wilkerson, York, daughter of Mrs. Mary Lou Wilkerson, Knoxville, Tenn., and the late Herman Charles Wilkerson.

## Today's Talk

### I KNOW YOU

I have always liked this little story concerning the late Elbert Hubbard, author and founder of the Roycroft Corporation in East Aurora, N. Y.

It seems that Hubbard was once introduced to a man this wise: "Mr. Hubbard, this is Mr. Smith."

"Oh, yes! Mr. Smith," said Hubbard, "I know you."

"How can you know me when I have never before met you in my life?" queried the old fellow, gurglingly. "I know your work!" replied Hubbard.

That brought the smile, and the two men talked pleasantly the entire evening. We know people long before we have met them if we have heard what they have said, or know what they have done. All we have to do is to watch a man. Just as we would the action of a horse, a dog, or a good machine. We know then just what we are appraising.

There is a superior spirit that hovers about the able human being. Not that boastful, abhorrent spirit, but that magnetic, fine, heart-drawing something that makes you near, and want to be dear, to that one who shows it in his manner, his speech and his very silence.

I recall being with a group of people one evening. There was there a certain man about whom I had heard much. My friend asked if I would like to meet him. I replied I would not — that I already knew him too well. But you can never know a fine spirit too well! You may be the friend and associate, or pal of such a one for years — and yet find new mines of gold and precious metal there the longer you choose to dig for it.

Sometimes I am of the opinion that the next three greatest and most precious words after "I love you" are these — "I know you" Or do the latter precede the former?

Not until you really know a man has suffered and endured can you truly say — I know you.

Tomorrow Mr. Adams will talk on the subjects "Riding The Tide" Protected, 1962, by The George Matthew Adams Service

### WINTER

It seems so dead out there today;  
The snow lies deep about the place,  
The ground whereon the children play  
Has lost its touch of charm and grace.

What was a garden, now is bare.  
The rose stalks flutter to and fro.  
There is no hint that life is there  
Beneath the drifted ice and snow.

I gaze across this barren waste  
Of beauty held in winter's clutch;  
I note the lines of sorrow traced  
By desolation's cruel touch.

"Suppose," unto myself I say,  
"This garden bleak and cold and bare,  
Were doomed forever thus to stay  
And never rose should blossom there?"

But all this ugliness must pass,  
And ice and snow must vanish soon,  
Spring shall awake the slumbering grass,  
The roses shall return in June.

So with this faith through life I'd go,  
Meeting my care as winter's sting,  
Knowing that all the ice and snow  
Must vanish with the birth of spring.

## SOLON'S WIFE FILES PLEA TO BE ASTRONAUT

By JOSEPH E. MOHBAT  
WASHINGTON (AP)—Sen. Philip A. Hart's blonde wife—mother of eight—is asking Vice President Lyndon B. Johnson to help break up the "men only" exclusiveness of the Americans in space program. She would like to be the first woman in space herself.

The wife of the Michigan Democrat wants the United States to launch a woman in space program. So far, she says, she has gotten the cold shoulder from the National Aeronautics and Space Administration.

A program for female astronauts "could be gotten off the ground very quickly if we could just convince men it would not destroy their virility," she said. If she can't be the first woman in space, she is determined that an American woman will be—and not a Russian cosmonaut.

To further her campaign, Mrs. Hart—the former Jane Briggs,

She hopes Johnson will be able to swing a little weight with James E. Webb, NASA head. Up to this point, she told a reporter, Webb has treated her proposal with reluctance.

How has her husband reacted to the idea? "I've never asked him," she said.

Hart, pressed on the matter, responded: "I've always thought my wife was an extraordinary woman and this is most interesting."

Mrs. Hart, who is in her early 40s, is one of 12 women to have successfully undergone the tough physical tests given the seven male Mercury astronauts when they first aspired to the job.

Mrs. Hart and her group have logged more than 1,000 hours of flying time. She is a licensed airplane and helicopter pilot.

ADVERTISE IN THE TIMES

PETER

"And when Jesus beheld him, he said, Thou art Simon the son of Jona: thou shalt be called Cephas, which is by interpretation, A stone."  
—John 1:42

Before meeting Jesus, this disciple was known as Simon ("hearer"). He was the son of a successful fisherman named Jona.

His brother Andrew, a follower of John the Baptist, had been present when the evangelist had baptized Jesus, and when he had said, "Behold the Lamb of God, that taketh away the sin of the world."

Andrew hurried to tell Simon of the event. "We have found the Messiah," he declared excitedly, and took Simon to see Jesus.

Jesus, immediately upon seeing him, recognized him, and gave him the surname by which he was ever afterward to be known—Peter, the rock.

Peter was not merely a "big fisherman" living in a rude hut by the sea, but a well-to-do ship owner, who left a life of comfortable circumstances to follow Jesus.

But before the Resurrection and Ascension, when he set out to establish the Church in the world, there is little doubt that Peter still thought of the Messiah as the political figure foretold by the Jewish prophets.

In the apostle's evangelical history, his character is portrayed with great clarity.

Yet there were contradictions in his make-up, as there are in that of all men. Complete renunciation of the world was not easy for him. When Jesus said, "It is easier for a camel to pass through the eye of a needle than for a rich man to enter into the kingdom of God," Peter was a little dismayed.

"Then answered Peter and said unto him, Behold, we have forsaken all and followed thee; what shall we have therefore?"

As one writer has observed, "He was called to work for the Kingdom of God, and he thought as men do."

Peter's challenge was, in fact, the challenge that has faced all men in all ages, including our own. He had the same weaknesses, and some of the same strength. He fell asleep on the night of Gethsemane, following the Last Supper. In overweening self-confidence, he cried: "Lord, I am ready to go with thee both into prison and to death," then denied that he knew the Man.

But in his strength he defied the Roman emperors, and according to tradition, was crucified head downward by Nero in Rome.

The church he established has lasted almost 2000 years, and is stronger than ever today.

## MUSTER HELP FOR MEDICAL AIR PROGRAM

By WHITNEY SHOEMAKER

WASHINGTON (AP)—The White House is coordinating a massive grass roots effort aimed at driving President Kennedy's medical care program through Congress.

Administration sources point to Kennedy's engagement to address a rally boosting his program in New York City's Madison Square Garden May 20 as an example of how much energy will go into the effort.

Kennedy accepted an invitation Monday to appear at the Madison Square Garden rally sponsored by an organization called the National Council of Senior Citizens and the Golden Ring Clubs of New York. White House press secretary Pierre Salinger said later the White House would welcome requests from networks interested in putting the event on television and radio.

### PLEA TO PUBLIC

Richard Maguire, a White House assistant, is understood to be coordinating and counseling outside organizations which back Kennedy's program to finance medical care for the aged through Social Security.

The purpose is to whip up broad public support for the administration plan and to direct that support toward influencing members of Congress to adopt it against vigorous opposition of the American Medical Association and insurance groups.

The Democratic National Committee also intends to print and distribute material promoting the Social Security approach to care of the aged.

## Clutz Paintings Win N.Y. Notice

A painting by William Clutz, son of Mrs. Frank Clutz, W. Broadway, has been chosen as one of 74 pictures from among 9,000 submitted for inclusion in the nascent second of Dr. and Mrs. Paul A. Clutz, Mercersburg, and grandchild art show which will open May 21 at the Museum of Modern Art in New York City.

The Clutz painting that was chosen was one of two Mr. Clutz had on display in a 24-picture show from February 2 to 28 in the David Herbert gallery in New York City. The Clutz paintings won special notice in the art section of the New York Times on February 9 by an art critic reviewing the display in the Herbert Gallery.

Young Clutz, who is 29, is a graduate of the Mercersburg Academy in 1951 and was graduated four years later from the University of Iowa. Then he went to New York City where he joined the staff of the Museum of Modern Art and continued his art studies in that city. He continues on the museum staff.

Several paintings by Mr. Clutz hang in Tippetts Hall at Mercersburg Academy and the campus newspaper on March 3 carried a story on Mr. Clutz's

## 2-WAY FIGHT IN 2 PARTIES FOR GOVERNOR

HARRISBURG (AP)—Each of the organization choices for governor will have opposition in the May 15 primary.

The Democratic nomination almost became a three-way fight on Monday but the State Elections Bureau rejected the petitions of a McKees Rocks insurance man, William F. Johnston, for that contest on the grounds he had insufficient qualified signatures.

That left the Democratic race a two-way contest between organization-backed Richardson Dilworth, former Philadelphia mayor, and Charles J. Schmitt, Erie, president of the Pennsylvania Horse Racing Association.

Schmitt slipped in almost unnoticed to the State Elections Bureau to file his petitions while the organization candidates were being received in the plush state department law library two rooms away.

### "WHO IS HE?"

Dilworth's reaction, when informed that he would, after all, have a primary opponent, was: "I'll have to find out who he is first."

With Dilworth, also to file their petitions for the primary, were the rest of the organization team—U. S. Sen. Joseph S. Clark, House Majority Leader Stephen McCann, candidate for lieutenant governor, and Genevieve Blatt, secretary of internal affairs seeking re-election.

Clark said the four plan to campaign separately. He said they felt they would be more effective that way.

U. S. Rep. William W. Scranton, the GOP organization choice for governor, will have J. Collins McSparran, master of the State Grange and a resident of Lancaster County, as his primary opponent.

### NO OPPOSITION

The rest of the GOP organization ticket, will be unopposed May 15.

The GOP group filed Saturday. It also got the red carpet treatment by Commonwealth Secretary James E. Trimarchi.

The Elections Bureau worked until 11 p.m. Monday processing the usual last-minute flood of petitions for various state, congressional, legislative and party offices being filed this year.

An estimated 150-200 petitions remained to be processed today.

When the bureau closed Monday night, 815 candidates had been processed.

The majority of them were seeking office in the state legislature. It cost them \$25 each to file their petitions. If they are successful through Nov. 8, the legislative job pays \$9,000 a year.

## Warner Is MAC Scoring Champ; Bullets Second In Foul Throw Tossing

Gettysburg's Ron Warner, Muhlenberg's Chris Hiotis and Lafayette's Chip Lunly won top individual honors in final statistics of the Middle Atlantic Conference's university division released today.

Warner, a Senior from York, won the scoring title with an average of 25.3 points a game on 304 points in 12 MAC games. The pace-setting scorer for the Bullets for three seasons, he finished third in division scoring last season.

In addition to his winning scoring average, Warner finished third in field goal percentage and fifth in free throw percentage.

Hiotis, a Senior from Reading, walked off with two titles at the close of the 1961-62 campaign by finishing at the head of the ranks in both field goals and free throws. He tossed in 46 of 94 shots from the floor for a winning field goal percentage of .489, and converted 30 of 53 free throw attempts for a percentage of .909.

**TOP REBOUNDER**  
Landy, a Senior from Camp Hill, proved to be the class of the division in rebounding as he collected a total of 223 against 12 conference opponents for an average of 18.6 rebounds a game.

Other top university division scorers ranked in order behind Warner were St. Joseph's Tom Wynne with an average of 21 points a game, LaSalle's Bob McAtee with a 19.1-point average, Delaware's Dave Sysko, 18.1 points, and Lafayette's Landy, 17.6 points.

Bob Parker, another Bullets Senior, finished 13th in the scoring on 165 points for an average of 13.8.

**TEAM LEADERS**  
Temple, St. Joseph's, Lafayette and Delaware captured team statistical honors.

Temple, which lost a 75-65 decision to St. Joseph's for the university division championship, nevertheless emerged on top in team defense and field goal percentage. The Owls held their conference opponents to an average of 55.9 points a game. In addition, Temple players connected on 43.3 per cent of their shots from the floor for the top percentage in the field goal department.

St. Joseph's offensive average of 81.4 points a game is statistical evidence of the scoring punch that enabled the Philadelphia quintet to come from behind and win the crown in the final week of the campaign. Temple ranked second in team offense with an average of 73.2 points a game, Rutgers third with 72.2 points, Delaware fourth with 70.1 points and LaSalle fifth with 69.6 points.

**LEAD ON FOUL TOSSES**  
Lafayette claimed free throw honors by scoring 194 of 273 attempts from the free throw line for a percentage of .710. Gettysburg was a close second, clicking on 161 of 228 attempts for .706.

Delaware claimed the rebounding title by collecting a total of 655 rebounds in 12 conference games, an average of 54.6 rebounds a game.

Gettysburg was eighth on team offense with an average of 62.9; third on defense, allowing 60.8 points per game; fifth in field goal percentage, .400, and eighth in rebounding, averaging 44.7.

## JAMES EYLER HEADS COUNTY WILDLIFE WEEK

James W. Eyer, Edge Grove, has been named chairman to direct the 1962 National Wildlife Week program in Adams County, March 18-24. The appointment was announced today by the Adams County Federation which joins with the National Wildlife Federation in sponsorship of the campaign each year.

Eyer said that the 1962 observance is intended to highlight problems involved with preserving continental flights of migratory waterfowl. Theme for the observance is: "Waterfowl for the Future, by Conservation of Wetlands Which Benefit Man and Wildlife."

**OFFER RECREATION**  
"Wild ducks and geese are of great interest to millions of Americans," he pointed out, "and offer recreation for esthetic purposes as well as hunting. Only by preserving adequate amounts of suitable wetlands for nesting, resting and wintering areas can we continue to enjoy and thrill to the flights of migrating ducks and geese."

Eyer pointed out that the number of potholes, marshes and swamps are rapidly dwindling, due largely to drainage for agricultural purposes or for uses as industrial sites, airports or roads. Additional wetlands have been built by drought. "Enough suitable wetland areas must be reserved and held for waterfowl or these resources will dwindle away to insignificance," he commented.

Conservationists point out that migratory waterfowl management is an international problem. A large percentage of ducks and geese are produced in Canada. The migratory flights progress across the United States and many of the birds winter in Mexico and points even farther south. The flights move south in the fall, and north in the spring.

**Carlisle To Hold Mat Tournament**

Glenn M. Flegel, Dickinson College, is the tournament director.

## LIST WAYS TO CUT INJURIES ON GRIDIRON

SAN RAFAEL, Calif. (AP) — Mental discipline, better helmets and use of mouth guards were among recommendations made Saturday at a sports injuries conference for coaches, game officials and physicians.

Football coach Jim Owens of the University of Washington asserted that mental discipline is important in avoiding injuries. Recalling that his Huskies played 11 straight injury-free games in 1960 and in the Rose Bowl Jan. 1, 1961, he said:

"I attribute this to rigid conditioning and short but frequent practice sessions."

A San Francisco physician, Albert R. Behnke Jr., suggested a shock absorbing material be put on the outside of equipment as well as inside to protect the players.

Dr. Lee Winter, a dentist at Concord, Calif., said mouth guards should be required. He said that more than half of last year's high school football injuries involved the face and teeth. Many of them, he said, could have been prevented with mouth guards.

## Wake Forest, Villanova And New York Win NCAA Contests

By GEORGE ESPER

PHILADELPHIA (AP) — Favorites Wake Forest, Villanova and New York University ran true to form in winning opening round games in the eastern regionals of the NCAA basketball tournament. But not before they got a scare.

Wake Forest, the Atlantic Coast Conference champion, was the hardest pressed in defeating Ivy League titleholder Yale 92-82 in overtime Monday night in the final game of the triple header at the Palestra.

Yale missed a good chance to score a big upset when Dave Schumacher, a poor foul shooter by his own word, missed a free throw with two seconds remaining in regulation time and the scored tied at 76.

**IN SEMIFINALS**  
Wake Forest now moves into the eastern semifinals at College Park Md., Friday night against St. Joseph's of Philadelphia, the Middle Atlantic Conference winner, which drew a first round bye.

Villanova, an at-large selection, had to overcome a three-point half time deficit but once the Wildcats got rolling the second half they made it a 90-75 runaway over injury-ridden West Virginia. The Southern Conference champion Mountaineers twice had leads of eight points in the first half.

NYU, also an at-large selection which will meet Villanova in the semifinals, came on strong in the second half to overpower Yankee Conference titleholder Massachusetts 70-50. NYU couldn't pull ahead to stay until the last 39 seconds of the first half, and then by only four points.

**SCORES 25 POINTS**

The foul on Schumacher, a 6-4 sophomore from Westfield, N. J., was called against All-American Len Chappell, who led Wake Forest in scoring with 25 points.

## LEW KRAUSSE TO EARN JOB ON A'S STAFF

WEST PALM BEACH, Fla. (AP) — "It's rough, but I think I can do it," says youthful Lew Krausse aiming for a permanent job on the Kansas City Athletics' pitching staff.

Krausse, the A's \$125,000 bonus pitcher from Chester, Pa., had raised the question, "why am I here if you have no intention of keeping me on the club," when he read he was ticketed for Binghamton, regardless of how he fared in the training camp.

Manager Hank Bauer assured the 19-year-old hurler that he would be sent to the Athletics' farm club only if he pitched himself off the roster.

**MUST EARN JOB**  
"You've got to earn a starting job," said Bauer. "I don't want you on the bullpen and I don't want you on the bench. There are five starting berths open. It's up to you."

Krausse, only eight months out of high school, vowed he would prove himself a big leaguer. Eddie Lopat, the A's pitching coach, seems convinced Krausse can make it eventually. "The boy has a fine future," said Lopat. "But he doesn't belong up here. He is not ready. He has to pitch and pitch regularly. He won't get the work up here."

**IMPRESSIVE DEBUT**

Having to prove himself again may be something of a shock to Krausse, the son of a Philadelphia Athletics pitcher of thirty years ago.

Last June just out of high school he pitched a 4-0 shutout against Los Angeles in his first professional game. During the years he had hurled 18 no-hitters for Chester High.

Krausse last year did not win another game until the end of the season, a 3-2 six-hitter against Washington.

In between he was charged with five defeats and registered a 4.82 earned run average.

## Doubleheader Grid Game Aug. 18

CLEVELAND (AP)—The Cleveland Browns announced plans today for professional football's first doubleheader at Municipal Stadium Aug. 18.

The National Football League two-night event will match the Detroit Lions and Dallas Cowboys in the opener and the Browns and Pittsburgh Steelers in the nightcap.

"Frankly, I'm convinced the public will welcome this kind of a pre-season attraction," said Arthur B. Modell, the Browns' chief executive officer who conceived the idea.

He said he didn't think the plan would work during the regular league season.

## Cincinnati Faces Creighton In First Game Of NCAA Play

By ED CORRIGAN

Associated Press Sports Writer

Defending champion Cincinnati, which didn't qualify for the NCAA post-season basketball tournament until two days after the regular season had ended, draws Creighton, a tough customer, in its first game.

The Bearcats, primed for another showdown battle with Ohio State, finally gained a tournament spot Monday night by defeating Bradley 61-46 in a playoff for the Missouri Valley championship and the automatic spot in the playoff that goes with the title.

Last year Cincinnati, which finished the season with a 25-2 record, whipped Ohio State 70-65 in overtime for the national title.

The Buckeyes, who clinched the Big Ten title long ago, have been waiting on the sidelines, itching to get another crack at the Bearcats. Ohio State finished the '61 seasons with a 23-1 mark.

**GOT NIT BID**

Bradley, the Missouri Valley runner-up, didn't come out empty-handed. The Braves were tapped for the 12th and last spot in the National Invitation Tournament opening Thursday in New York. They'll be one of the favorites.

Cincinnati and Creighton (19-4) will meet at Kansas State University Friday night in part of a second-round doubleheader that also pairs Texas Tech and Colorado.

While Cincinnati was making it into the tournament, first-round games in the Midwest, East and Midwest regionals were played.

## CALL LAST AFL GRID WITNESS

BALTIMORE (AP)—The American Football League was expected to complete the presentation of testimony today in its \$10 million antitrust suit against the National Football League.

Billy Sullivan, owner of the Boston Patriots, was called as the final witness for the AFL in the case which began in U.S. District Court Feb. 26. Chief Judge Roszel C. Thomsen is hearing the case without a jury.

Gerhard A. Gessell, attorney for the NFL, said he would move for a directed verdict at the conclusion of the AFL testimony.

Charlie Flowers, a 1959 All-America player from Mississippi who signed with the AFL San Diego Chargers, testified Monday that former Coach Jim Lee Howell of the NFL's New York Giants, told him the NFL was "going to drive them (the AFL) out of business just like they are trying to do to us."

**CHESTER, Pa. (AP)—Lee Boyer,** an assistant football coach at Pennsylvania Military College the past two years, will take over the head job from George A. Hansell.

## Braves May Have Found Good Hitting Outfielder

By THE ASSOCIATED PRESS

CHICAGO (AP)—Funeral services will be held Thursday in suburban Glenview for George S. May, wealthy sports promoter who sponsored some of the richest tournaments in golf history.

May, who was 71, died Monday in his office at Tam O'Shanter Country Club, apparently of a heart attack.

May sponsored the All-America and World golf championships until he became entangled with the Professional Golfers Association in 1958 over his refusal to turn entry fees over to the PGA.

Several rifts developed between the colorful May and the PGA involving May's rule that golfers wear numbers on their back for identification, suspension of matches because of weather and on decisions of the rules of golf.

He distributed nearly \$2 million in golf purses between 1941 and 1958.

## BUCKEYES END SEASON; TOP COLLEGE TEAM

By THE ASSOCIATED PRESS

The Buckeyes of Ohio State are college basketball's No. 1 team for the second straight year.

The Bucks, beaten only twice in the last two years while winning 50, finished first in the final Associated Press poll—a position they've held without interruption since the preseason poll of 1960.

Of 43 voters on The AP's selected nationwide panel, 38 cast a No. 1 ballot for Ohio State. The other five placed the Big Ten champions second, while splitting their first-place votes this way—two to Cincinnati, two to Mississippi State, and one to Kentucky.

On the basis of 10 points for first, 9 for second, 8 for third, etc. Ohio State wound up with 4

The following was excerpted from a recent article "The Faith to Be Free" by J. Edgar Hoover, director of the Federal Bureau of Investigation:

"During our generation, a new menace — international communism — has arisen to threaten freedom throughout the world. Actually, there is little basic difference between the fascism of Adolf Hitler and the atheistic tyranny practiced behind the Iron Curtain. The Soviet Union and her satellites are a godless dictatorship ruled by warped and twisted minds.

"We are at war with the Communists and the sooner every red-blooded American realizes this the safer we will be. Naturally, we want to live in peace, but we do not want peace at any price—we want peace with honor and integrity. And we intend to assure it for the future.

"The extent of the menace posed by the philosophy of communism is clear-cut and obvious. However, it is absolutely necessary that we attack and oppose it calmly, rationally and objectively.

"We must continue to stiffen our national backbone in dealing with the Communists and their dupes, sympathizers and apologists. If we relax our guard for one moment, we court national disaster.

"The atheistic Communist dictatorship now controls one-fourth of the earth's surface and more than one-third of her peoples. The Communist threat from without must not blind us to the Communist threat from within. The latter is reaching into the very heart of America through its espionage agents and a cunning, defiant and lawless Communist Party, which is fanatically dedicated to the Marxist cause of world enslavement and destruction of the foundations of our Republic.

"The Communist Party in this country has attempted to infiltrate and subvert every segment of our society. The party's efforts have been thwarted in this country by the government's internal security programs, by investigation, arrest, and prosecution of party functionaries and by widespread intelligent public opposition to the Communist philosophy.

"Recently, the Communist Party in the United States deliberately and flagrantly refused to comply with the U.S. Supreme Court decision which requires it to register as an agent of the Soviet Union with the attorney general. Thereby, it once again has formally

declared itself to be a lawless organization. No longer can its members falsely profess that the party is a legitimate political organization. Nor can its sympathizers and fellow travelers feign innocence of true nature of the un-American conspiracy which they support.

"Unfortunately, we are plagued with some Soviet apologists who, time after time, would have us betray the cause of international freedom and justice by yielding to the Red Fascists in the Kremlin on vital moral issues.

"We also have in our midst some timid souls who have so little faith in the strength of democracy that they would have our country yield to international threats and intimidation. I include those persons who urge appeasement at any price and those who chant the 'better Red than dead' slogan."

Our nation holds in trust the last hope of a free civilization. Our dedication to truth, justice and individual dignity must not be compromised. If we are strong enough, and care enough, and maintain our national integrity, this nation will survive the terrible threat that presents itself today. With God's help, we will meet the challenge of survival. This is the heritage of America.

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

Millions of Americans daydream about getting away from it all and living a life of ease on a carefree island paradise in the South Seas. This may jolt them: One of the commonest surgical operations in such a paradise—Samoa—is for peptic ulcers!

It is said the average U.S. housewife now walks up to nine miles daily. (The distance between the canned peas and the chopped beef in our friendly neighborhood supermarkets must be getting longer.)

### JUST IN CASE

Pre-dawn shopping: A fur shop in Las Vegas stays open until 3 a.m.—just in case a big winner decides to pick up a mink or sable while he's still ahead.

The criminal type: The typical fugitive on the FBI's "most wanted" list is in his early 40s, 5 feet 9 inches tall, weighs 158 pounds, has at least one tattoo, likes to drink, gamble and chase women. (Except for the tattoo mark, this description fits most of the suburbanites I know.)

### MAYFLOWER'S FATE

Ever wonder what happened to the good ship Mayflower that brought over the pilgrims? It was broken up in England in 1629. Its stout wooden ribs were used to form the rafters of a building that still stands.

Walter W. Hubbard, right, an editor of AAA club magazines for 25 years, receives a citation issued by the Commonwealth of Pennsylvania and Gov. David L. Lawrence for "excellent and authoritative reporting over a period of years" from Russell E. Singer, executive vice-president of the American Automobile Association.

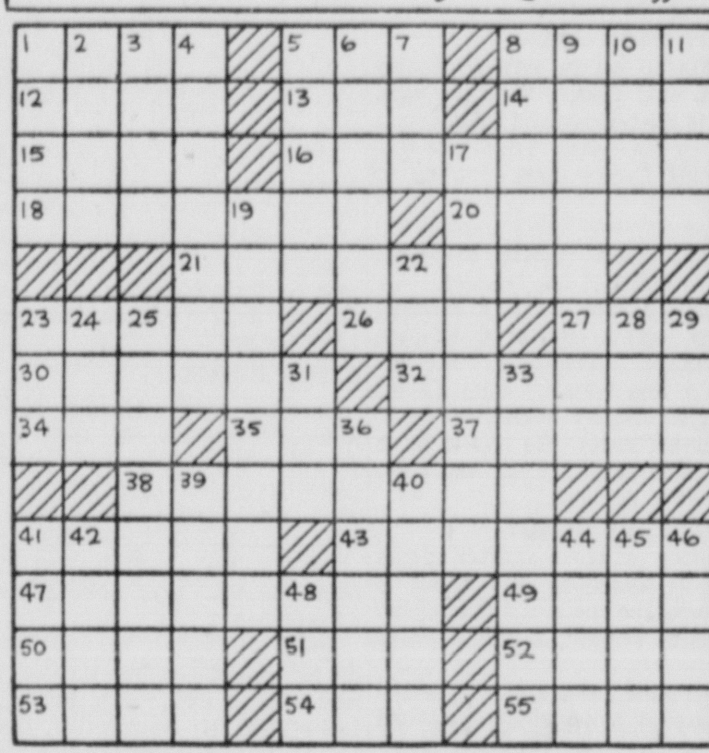

The citation was originally presented to Mr. Singer by Harold A. Swenson, deputy state Secretary of Commerce for Tourism, at a recent meeting of the Pennsylvania Motor Federation-AAA in Harrisburg because Hubbard was unable to keep the appointment personally.

The citation praises Hubbard for his authoritative reporting in the field of the Quaker State's vacation attractions, hotels, inns, motor courts and historic sites for many years.

Hubbard has been a foreign and domestic travel writer for the Washington Post for eight years and has helped edit AAA club magazines for 25 years.

Hubbard and his wife, Louise, left today on an 89-day world cruise.

What chance has a young actor in Hollywood of becoming a star? Less than one in a thousand.

But genius usually has a hard struggle. The Hotel Stanhope here recently unveiled a reproduction of Rembrandt's famed \$2,300,000 painting, "Aristotle Contemplating the Bust of Homer." The frame alone for the reproduction cost \$600, more than Rembrandt ever received for many of his paintings in his lifetime. If you're normal, you probably have between 2,000 and 3,000 dreams a year—even though you may think you don't dream at all. Laboratory experiments showed that people prevented from dreaming tended to develop hallucinations.

## High School Student, 17, Admits Killing 4 In Family

CONCORD, N. H. (AP) — A slight 17-year-old high school boy, under psychiatric treatment for two years, was quoted by police Monday as admitting he killed his entire family — parents and two brothers — because he felt they would be better off dead.

The slayings in the central New Hampshire community of Concord, a town of 5,500 population about 50 miles northwest of Concord, left neighbors saddened and puzzled. Blond and bespectacled, the boy was considered bright. He was in the last year of high school.

The youth was scheduled for a juvenile court arraignment behind closed doors.

### CAN'T PUBLISH NAME

The victims were Francis L. McGrath, 37; his wife, Willena, 40; and their sons, Peter F., 13, and Charles A., 5.

New Hampshire law forbids publication of the name of a juvenile involved in crime. Juvenile hearings are secret and the disposition may not be published.

Police quoted the 17-year-old as saying in explanation of the slayings Saturday night: "I was thinking about their suffering. They always have troubles."

Police said he told them he arrived home from his supermarket job Saturday night and found his parents angry at each other. The parents went out shortly afterward.

### USED JAPANESE RIFLE

The boy told police he got a Japanese rifle and shot Peter in a hallway. Then he went into a

bedroom and killed Charles in his bed.

When Mr. and Mrs. McGrath arrived home a half hour later, the mother was shot through the head as she stepped out of the car. The father tried to drive away but a rifle slug through a car window stopped him. The boy told police his father got out of the car and started to run. A shot felled him.

The boy then drove to the State Hospital at Concord and asked to see a doctor. Arnold Paradis, hospital police officer, noticed the boy's blood-spattered clothing, put handcuffs on him and took him to police headquarters.

### Rail Union Will Take Strike Vote

CHICAGO (AP)—The Brotherhood of Locomotive Firemen and Enginemen announced Monday a strike vote will be taken among its 20,000 members in a dispute involving proposed changes in working rules on the nation's major railroads.

The action resulted from refusal of the union's general chairman to accept a report of a commission appointed by former President Dwight D. Eisenhower which recommended changes that would cut the work force among railroad workers.

Union officials said the proposed rules changes would affect some 45,000 firemen, with about 20,000 losing their jobs during a 15-month period.

## JOCK MAHONEY IS CHOSEN AS NEW TARZAN

By BOB THOMAS  
AP Movie-Television Writer  
HOLLYWOOD (AP) — Tarzan fans, already rocked by the controversy over whether he and Jane are wed, are due for another blow.

The screen's latest Tarzan, No. 12, was once the ape-man's nemesis.

Shocking though it may seem, Jock Mahoney is now playing the title role in "Tarzan Goes to India." The same Jock Mahoney was television's range rider and menaced Gordon Scott in "Tarzan the Magnificent."

### 12TH TARZAN

Now Jock has snatched away Scott's loincloth and is swinging through the Indian jungles as the 12th coming of Tarzan.

Before leaving for India, Mahoney discussed the strange turn in his career. He was finishing up another film in which he plays a dashing blade of early California.

"I hesitate to mention this," he said, "but I just bought a new home. It's on Cabellero Drive in Tarzana!"

### HE'S 42 NOW

Mahoney's acquaintance with Tarzan goes 'way back. He once tested for the role when Johnny Weissmuller was put out to pasture, or wherever old Tarzans go.

Lex Barker won out, and Mahoney went on to other triumphs.

Last year, producer Sy Weintraub chose Jock to play the

villain opposite Scott.

"Sy was grateful for the help I gave him during the shooting in Africa," said Jock, whose know-how in the action stuff goes back to his beginnings as a stunt man. "I saved him thousands of dollars. He told me he would always find a place for me in the Tarzans."

"So when Sy called me about the new picture, I figured he wanted me to play the heavy again," Jock said. "I was floored when he offered me Tarzan."

Jock said he pointed out the drawbacks: "My age (42). The fact that I don't have rippling muscles. Action is my business, and I've always kept loose, not muscle-bound."

### PROPHETIC INCIDENT

The producer still wanted him, so Jock signed. It is the sequel to a prophetic incident in the shooting of the last Tarzan.

"We were doing a fight during the London interiors, Gordon Scott and I," the actor recalled. "I had him in a tight grip and he suddenly let out a yell. I was afraid I might be breaking his arm, and I released him immediately."

There was Gordon, bare-backed and running for cover!

Jock is making sure that the same doesn't happen to him. Along with the leather loincloth he's packed a number of nylon briefs.

About the marriage controversy, "Tarzan Goes to India" and leaves Jane at home to mind the tree house.

That should help quiet the unrest in Downey, Calif.

The first man to fall in the Battle of Hastings was a Norman minstrel knight. He led the first charge chanting "The Song of Roland."

## WEEKEND TV HAD ROUTINE PERFORMANCE

By CYNTHIA LOWRY  
AP Television-Radio Writer

NEW YORK (AP)—After six or seven attempts, it must be clear to the "Theater '62" producers that they can't whittle a good two-hour movie down to a 50-minute television show without losing something important.

The last ingredients in Sunday night's NBC adaptation of "The Paradine Case" were the characters. It was a courtroom drama, well acted and well staged, but the home audience never felt any familiarity with the characters.

Thus, when Mrs. Paradine turned out to be, after all, a murderess, there was no surprise—nor even sympathy. We didn't know her, her husband or her lover well enough to really care one way or another.

### BERNSTEIN HAS TIME

Leonard Bernstein and the New York Philharmonic, on the other hand, had plenty of time earlier on CBS for a liresurely production of "Carmen"—not the opera, but Bizet's original musical play complete with the dramatic non-musical interludes—and two sets of Carnes and Don Joses, one set for singing and another for acting.

There was also time, of course, for Bernstein's little talks telling us what we were seeing and hearing.

Milton Berle's Friday night special on NBC presented a strangely subdued Berle and

## DEMS TO BACK EARL WARNER

YORK—Leaders of the Democratic parties of York, Adams and Cumberland Counties agreed Sunday night to support Earl Warner, Red Lion dairy owner, as candidate for Congress from the 19th District.

In a meeting at the home of N. Nyman Craley, York County chairman, the party chairmen of the three counties met with Warner and Robert Kane, assistant to state chairman Otis B. Morse.

Representing Cumberland County was H. C. Erickson, of Camp Hill, and from Adams County Fred G. Klunk, New Oxford.

Former Congressman James M. Quigley, now a Kennedy Administration official, ruled himself out of the picture over the weekend.

Others who are in the race on the Democratic side are Mrs. Jane Alexander, a Dillsburg and York attorney, and Kern Smith, a Dallastown transportation consultant.

Incumbent Republican Congressman George A. Goodling, Logansville, will be unopposed in the May 15 primary.

## GERMAN GUARD SHOOT BRITON

BERLIN (AP)—A British army chauffeur shot by East German border guards was in serious condition Monday, and Soviet authorities expressed regret for the incident.

The wounded man, Cpl. Douglas Frederick Day of the Royal Air Force, was operated on in an East German hospital at Potsdam for a bullet wound in the stomach.

Day, driving a staff car, was taking a British officer to the Potsdam headquarters of the British liaison mission to Soviet army headquarters in East Germany at midnight Saturday.

The British protested to the Russians that the East German guards fired without warning at the clearly marked car, spraying it with about 30 machine-gun bullets. The incident occurred near the village of Stahnsdorf, half a mile inside East Germany.

The car was on an official trip and had every right to be where it was, Brig. J. R. Holden, chief of the British mission, told the Soviet liaison officer.

The East Germans claimed the car ran through a stop signal, ignored warning shots and had to be brought to a stop by shots

# Nationwide Puts Life Insurance Within the Reach of Every Family

## Quantity Discounts, Bigger Dividends Help Lower Costs

Among Nationwide's most popular features are (a) "quantity discounts," which progressively lower premiums on each \$1,000 of life insurance over \$4,000, and (b) increased dividends.

In addition to early cash and loan values, young family men particularly like our Guaranteed Insurability Option. This assures the right to buy additional insurance later on, without medical examination, regardless of health.

Also available as optional extras are Double Indemnity, which doubles a policy's face amount in the event of accidental death, and Disability Waiver of Premium, which cancels premiums falling

due after a policyholder has been disabled by accident or illness for six months.

With every Nationwide policy you have a broad selection of settlement options. Many of these allow benefits or cash values to be paid in a choice of annuity-type installments.

The above features, and many more, guarantee you extra value through flexibility that lets your life insurance keep up-to-date with your changing needs and plans.

Your Nationwide agent, a neighbor in your community, is always at your service. He'll review your insurance program with you regularly to make sure its provisions always match your requirements.

Every family now can afford enough life insurance—thanks to Nationwide. Even fathers who think they're "insurance poor" will benefit from a talk with a Nationwide agent. His skill and experience, his interest in serving you best, and his complete range of modern coverages, will mean more protection and added savings for you.

## Nationwide Life Insurance Plans Are Designed to Meet Every Need

Whatever your age, earnings and family circumstances, your Nationwide agent will recommend the plan—or combination of plans—that will do the best job for you. Here are just a few of the new Nationwide coverages offered:

### For Young Families

For young fathers with limited budgets there's the MODIFIED 3 TO 10 PLAN. Especially designed for the "getting started" years, it offers sharply reduced premiums during the plan's first 10 years. Later, regular premiums are offset by higher dividends and accumulated cash values.

Also for young family men is Nationwide's FAMILY INCOME PLAN, which provides maximum protection during children's dependent years. Then, after the children are grown, your basic protection continues, but at a lower

premium.

Many families, too, prefer the savings offered by Nationwide's all-in-one FAMILY POLICY, which insures all the family in a single plan. Dad has the greatest protection, while Mom and the youngsters are insured for smaller amounts.

### For New Homeowners

For the homeowner, there's the low-premium MORTGAGE PROTECTION plan. Its face amount decreases gradually year-by-year, along with your mortgage—but there's always enough insurance to cover your unpaid balance.

Your Nationwide man is also equipped with a full line of streamlined ORDINARY (or WHOLE) LIFE and ENDOWMENT plans, which provide permanent protection plus cash values you may use at retirement. He also offers a choice of low cost TERM (or TEMPORARY) insurance plans, which

may be converted later to a permanent plan without medical examination.

Full details on all Nationwide plans are available through your local Nationwide agent. He has only one purpose: to provide you with the best protection at the lowest possible cost.

### Your Nationwide Agent

Your neighborhood Nationwide representative is fully licensed under the insurance laws of your state. This means that his qualifications to serve you have been thoroughly examined and approved. In addition, his knowledge of life insurance and how it may best work for you is continually expanded through systematic training and refresher courses by Nationwide. Thus, you'll always find him a sound businessman and a valuable friend—and you may talk with him as you would your family doctor.

## Outstanding Values In Business Life Insurance

More and more executives, too, are selecting Nationwide plans for their companies' business life insurance coverage—including key man, sole proprietorship, partnership, and close corporation insurance. Individual-policy pension trust plans are also offered.

Especially advantageous to businessmen is Nationwide's Executive Equity Plan, which features rapidly accumulating cash values resulting in minimum net cost to the purchaser.

A complete range of flexible, low-cost plans is also offered on a group basis, customarily combined with group health coverage in a complete employee benefit program, often partnered with a funded retirement or pension program. Featured among

Nationwide's Group coverages are those especially designed for smaller organizations. Available in most states are: MINI-GROUP, a top-benefit plan for firms having 10-49 employees, and EMPLOYEE FAMILY PLAN, a "big company" employee-and-dependents program for groups as small as three.

Also noteworthy is our small-company Retirement Security Plan (RSP), which can provide stockholder-employees with up to \$96,000 cash—or \$670 per month—at retirement, with all rates and benefits guaranteed for life.

All Nationwide agents are authorized to offer business life insurance protection, and all are backed by experienced Nationwide technical specialists, both at the Home Office and in the field.

## Progressive Organization Offers Complete New Choice Of Budget-Priced Policies

In keeping with its principle of providing the finest protection at the lowest possible cost, Nationwide Insurance recently streamlined its entire life insurance portfolio. The best features of standard policies have been retained, the range and scope of coverages broadened, new policies developed and set in a rate structure second

to none within the insurance industry.

### Greater Values and Savings

Result? Budget-conscious families can now buy more of the protection today's cost-of-living demands. Young fathers can now afford the insurance they need during the family's growing years.

Today, through Nation-

wide, you can choose a plan which matches your exact requirements and your resources. Whether it's maximum coverage at lowest cost, systematic savings at a guaranteed rate of interest, or a realistic combination of protection and savings, your Nationwide agent has a plan for you. Every family can now have the vital protection they need while they save for retirement.

## Nationwide Widely Known As A Company That's Different

Murray D. Lincoln, Nationwide's President, is often asked, "What's so different

about Nationwide?" His reply usually begins, "Nothing much...if all you want is a company that collects premiums and has the resources to pay claims."

"But," he hastily adds, "if you're looking for something more—the satisfaction, say, of knowing that your premiums are buying insurance designed to protect real people rather than statistics...or

if you think it's a healthy idea for policyholders to have a real voice in their company's operation—then Nationwide is different."

"This organization was started thirty-five years ago by people in search of low-cost insurance. We grew, expanded our coverages, were invited into neighboring states, because our kind of insurance was needed."

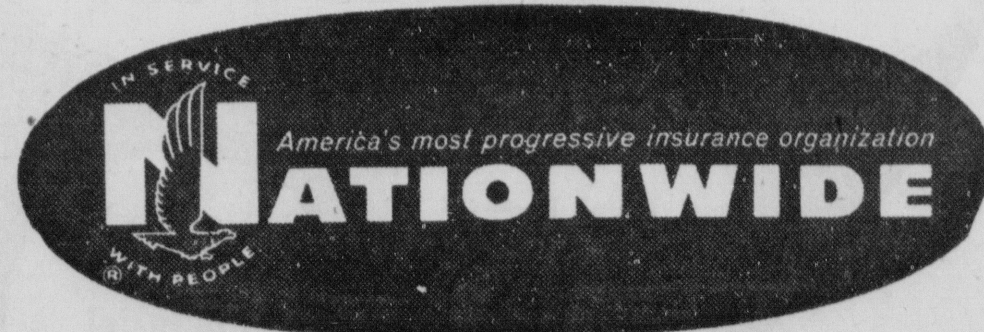

"Nationwide continues to build on the fundamental principle that whenever we're confronted with new problems, all of us, working together, can find new and better solutions to these problems."

### Expert Assistance Available

Nationwide also offers you—at no charge or obligation—the professional services of highly trained, experienced insurance agents. Since your local Nationwide agent offers a complete range of insurance products, he can recommend the life insurance policy which best fits your total protection picture. He can provide you with a coordinated, all-around protection program, with no dangerous gaps or costly overlaps, no needless waste or extras...all at minimum cost!

For full details, call your nearest Nationwide representative. He's listed in the "Insurance" section of your Yellow Pages.

## SPECIALISTS SEEK TO SAVE FOUR BABIES

BINGHAMTON, N.Y. (AP)—A Johns Hopkins specialist joined teams of experts today in the battle to save four critically ill babies fed a salt-laden formula at Binghamton General Hospital, where seven infants have died since Friday.

Dr. Lawrence Finberg of the Johns Hopkins Medical School faculty flew from Baltimore to aid in the round-the-clock effort.

Ten babies who were given the formula, including the four in critical condition, still were in the city-owned hospital.

The severe deaths—three Friday, three Saturday and one Monday—were being investigated by state, local and hospital authorities.

Dr. Jason K. Moyer, hospital medical director, said one of the babies who died had not been fed the salt formula.

He said 17 other infants who drank the formula since have been discharged.

"We are not sure whether sodium intoxication (salt poisoning) was responsible for these deaths," Moyer told a news conference Monday night.

The cause of the deaths, he said, will not be known definitely until autopsies and laboratory tests are completed.

Finberg is an expert in dialysis, restoring chemical balance to the body. He joined Dr. John E. Kiley of Albany Medical College in directing the teams attempting to save the four. The treatment consists of removal and replacement of the infants' blood by transfusion.

**MAY SURVIVE**  
Dr. John Ford, chief pediatrician at the hospital, said reports were more favorable that the infants would survive.

Ford said two of the infants were down to normal sodium (salt) levels and the salt levels in the blood of the other two were dropping.

Latest to die was Michelle Dawn Bowser, 4 days, daughter of Mr. and Mrs. Charles Bowser of Binghamton.

The bodies of six of the dead children—three boys and three girls ranging in age from 3 days to 8 months—were "apparently loaded with common table salt," a physician said.

A practical nurse questioned

## MRS. KENNEDY AT LUNCHEON IN NEW DELHI

By FRANCES LEWINE  
NEW DELHI, India (AP)—Jacqueline Kennedy rested today from her hard trip from Washington and after 14 hours of sleep drove off bareheaded to a glittering luncheon given by Indian President Rajendra Prasad.

Tired out after the excitement of her arrival in India Monday and only 3 1/2 hours of sleep on her flight from Rome, the U.S. president's wife slept late this morning and did not appear in public until she went to the sprawling presidential palace for lunch.

Prasad invited 79 guests, including top government officials and their wives, to meet Mrs. Kennedy and her sister, Princess Lee Radziwill.

**ESCORTED BY NEHRU**  
The ailing, 77-year-old president sat on the sidelines while Prime Minister Nehru escorted Mrs. Kennedy around the horseshoe-shaped line of guests.

Mrs. Kennedy shook hands with everyone. She wore a cool green, sleeveless linen dress by her official designer, Oleg Cassini, three strands of pearls and beige shoes. A white linen bow was pinned in the back of her hair.

Princess Radziwill also wore green, a sleeveless silk print.

Since the Indian government opposes the use of alcohol, no liquor was served. Silver trays of mango and grape juices were passed to the guests before luncheon.

**TURBANED GUARDSMEN**  
Prasad led Mrs. Kennedy into the banquet hall through a corridor lined with turbaned presidential guardsmen, splendid in scarlet and gold tunics and holding lances.

Mrs. Kennedy's schedule also included a visit to the children's wards of the All-India Medical Institute and a dinner in her honor tonight given by Nehru.

For her first day and night she was the guest of U.S. Ambassador John Kenneth Galbraith, staying in a bungalow he borrowed from the local manager of an American airline because the embassy residence is small. Before dinner tonight she was to move to Nehru's residence, to be his guest until she leaves for Agra Thursday.

## Aid Program To Go To Congress

WASHINGTON (AP) — President Kennedy details for Congress today just what he wants in the way of foreign aid money.

In his budget message last Jan. 18, he asked foreign aid appropriations of \$4,897,000,000, compared with \$3,914,500,000 Congress voted last year.

The President said in his budget message that all of the increase would be in economic aid—mostly in long-term loans and grants for development projects.

He said at that time that the arms aid rate would remain about the same. He asked for \$1.5 billion in new military assistance funds, down \$100 million from last year's appropriation.

Franklin County Coroner John P. Mangas said the tentative identification was established from papers in the victim's pockets.

The accident occurred two miles south of Chambersburg on Township Rt. 7491. The coroner said the truck was demolished by a Western Maryland freight train traveling toward Harrisburg from Hagerstown, Md.

## HOLD PUBLIC HEARING

WASHINGTON (AP)—The Civil Aeronautics Board will open public hearings in New York a week from today in an effort to find the cause of the jet airliner crash which took 95 lives on March 1.

The American Airlines 707 jet involved in the tragedy was bound for Los Angeles when it plunged into Jamaica Bay shortly after takeoff from Idlewild Airport.

## TWO STORMS HIT ROCKIES, NEW ENGLAND

By THE ASSOCIATED PRESS  
Spring was just around the corner but it looked and felt like midwinter today in much of the northern sections from the Rockies into parts of New England.

A storm centered in the northern upper Great Lakes spread snow from eastern sections of the central and northern Plains into the Ohio Valley and lower Great Lakes. Another storm over Long Island, N.Y., carried the snow eastward through New England.

Rain mixed with snow fell along the southern edge of the snow belt.

A blanket of two feet of snow was on the ground in some Midwest areas after being hit by another in a series of heavy snowfalls this winter. There was much blowing and drifting of snow in Nebraska, Iowa and Minnesota. Scores of roads were blocked and hundreds of schools were forced to close.

**60-MILE GUSTS**  
Winds were clocked from 30 to 40 m.p.h. with gusts to 60 m.p.h. in eastern sections of the central and northern Plains.

Adding discomfort to the wintry setting was a fresh batch of cold air from Canada which sent temperatures below zero in parts of Montana and Wyoming.

More snow and high winds worsened conditions in eastern and central Nebraska during the night. Snow removal operations were halted by the blowing, drifting snow. Nearly all roads in the northeast part of the state were closed.

In the Northeast, the snow covered areas from northeastern New York State and Vermont southeastward to Massachusetts. Fresh falls measured eight inches in Lebanon, N.H.

Outside the cold belt, temperatures were in the 30s and 40s in other parts of the eastern half of the nation except for 50s and 60s from the lower Rio Grande valley eastward along the Gulf Coast region into the central and south Atlantic Coast states. The 70s prevailed in southern Florida.

## Mrs. Rockefeller May Get Divorce

RENO, Nev. (AP)—Mrs. Nelson A. Rockefeller may sue for a quick Nevada divorce from the governor of New York Thursday.

If she satisfies a court that she has not left the state in six weeks, her six-week residency requirement will be met. An uncontested divorce then can be granted in minutes. Her attorney has given no indication where or when she will file.

Both married daughters are visiting her at the Donner Trail Ranch in the Sierras west of here. Mrs. Robert L. Pierson, 28, arrived Friday night, about a week after her sister, Mrs. William Strawbridge, joined Mrs. Rockefeller at the resort.

## Former Priest Is Called To Court

SAN FRANCISCO (AP) — A former priest whose wife says he was spirited to California by the Catholic church must appear in Domestic Relations Court March 19 to answer charges of failure to support his four children.

Walter Ryan, 57, turned up here last week after his wife sued the church in Mineola, N. Y., for \$2,375,000 over his disappearance.

The child support action began in January 1960 at the request of New York authorities. Just before Ryan reappeared, an assistant district attorney here said nothing had happened in the case because "I've never been able to find him." The order to appear was given Monday.

The wife, Alice, 41, of Glen Head, L.I., said Catholics spirited her husband away in 1955 and kept him a prisoner in monasteries. They were married in 1950 while he was assistant pastor of the Glen Cove parish.

Ryan said he came to California on his own free will and lived quietly, excommunicated by the church because he broke his vow of celibacy. He maintains he contributed more than \$10,000 to his family since leaving.

WASHINGTON (AP) — President Kennedy plans to hold a news conference Wednesday at 3:30 p.m. est.

White House press secretary Pierre Salinger said Monday the news conferences are in the afternoon because the timing is better suited to the President's schedule. But Salinger said, "There'll be some in the morning."

## MORE PLANT FACILITIES

HARRISBURG (AP)—The State Commerce Department reported Monday 657 plant facilities for new industry were either built, expanded or acquired in Pennsylvania in 1961.

This, however, was a drop of 58 from last year, the department said.

## JFK'S MOTHER WILL UNDERGO SURGERY TODAY

BOSTON (AP) — Rose Kennedy, the President's mother, undergoes surgery today at St. Elizabeth's Hospital for correction of a hernia.

The operation was termed by Dr. Roy Heffernan as "moderately serious but not especially dangerous." He said tests did not indicate any malignancy.

Mrs. Kennedy, 71, entered the hospital Monday afternoon for a checkup. The decision to operate on a pelvic hernia was made later in the day.

Pierre Salinger, President Kennedy's press secretary, said in Washington the chief executive "is fully informed about his mother's condition."

President Kennedy did not plan to come here immediately.

Edward M. Kennedy, Mrs. Kennedy's youngest son, was expected to be in close contact with the hospital. An assistant district attorney in Suffolk County (Boston), Kennedy lives several miles from the hospital.

Dr. Heffernan said Mrs. Kennedy has been undergoing treatment at his Boston office since last September. She has had routine checkups at St. Elizabeth's Hospital in the past.

"An operation on a lady of her age is moderately serious," the gynecologist said, "but not especially dangerous. There are many operations of this nature and most of them are successful."

The President's father, Joseph P. Kennedy, is at his Palm Beach, Fla., home convalescing from a stroke.

Mrs. Kennedy arrived in Boston by plane from Washington Monday. She had lunch with her brother, Thomas F. Fitzgerald, and was driven to the hospital by him.

THAILAND'S  
ARMY READIED  
FOR RED WAR

By FRED S. HOFFMAN  
WASHINGTON (AP)—U.S. military advisers have started training Thailand's army to fight Communist guerrillas, apparently in anticipation that Thailand may be the next target of the Red drive to control Southeast Asia, informed sources said today.

Although there have been no reports of significant Communist guerrilla activity in Thailand, officials of the pro-Western Bangkok government have been increasingly concerned they may face such a threat if a Communist-leaning neutralist regime takes over neighboring Laos.

U.S. PLEDGES AID  
Laos has been a staging area and an avenue for Communist North Vietnamese irregulars trying to topple the anti-Communist government of South Viet Nam. Pro-Communist forces in Laos have operated close to the Thai border.

The United States last week formally promised to come to Thailand's aid in event of Red aggression, regardless of what other members of the anti-Communist Southeast Asia Treaty Organization may do.

A possible clue to a quickening U.S. effort to bolster Thailand against any Communist offensive came in Monday's announcement that Army Maj. Gen. Theodore J. Conway is being sent there in July to assume command of the U.S. Military Assistance Group.

Conway, 52, is leaving the command of the 82nd Airborne Division, one of the Army's crack outfits.

Conway, who was senior adviser to Korea's First Army several years ago, will replace Army Maj. Gen. Briard P. Johnson. In recent years, Johnson's work has been in the field of logistics and administration.

There was no indication of any immediate increase in the military aid program in Thailand. This year, it totaled \$58,594,000—some what more than one-third of that being applied in South Viet Nam where the Communist danger has been critical for some time.

TO SPONSOR CANTATA  
The Ministerium will sponsor an Easter cantata by the combined choirs of the community churches on Wednesday, April 18 of Holy Week. The choirs will sing under the direction of Samuel H. Higinbotham in Redeemer's Church. The invocation for the service will be given by the Rev. Mr. Shultz, and the offering and benediction will be in charge of the Rev. Mr. Flinchbaugh.

The ministers voted to continue sponsoring the annual essay contest for students of the Junior Class of the local high school, on the subject "What My Church Means To Me." The first prize will be \$25 cash and a second prize of \$15. All essays must be handwritten, no typewritten essays will be accepted; they must be completed on or before April 12. Judges for the contest will be the Rev. Messrs. Koons, Kams and Jones.

The Rev. John C. Chatlos, pastor of St. James Church of Christ, along the Harney Rd., will preach the baccalaureate sermon at the Littlestown High School for the service this year. Other members of the Ministerium will participate in the service.

The Senior Luther League of St. Paul's Lutheran Church was host to the Luther League of St. John's Lutheran Church, the Senior High Youth Fellowship of Redeemer's United Church of Christ and the Methodist Youth Fellowship of Centenary Church for a gathering on Sunday evening in the church social hall.

The devotional period was conducted by St. John Luther League and included the prayer, Shirley Bair; poem, Dale Bair, and Melinda Kams was leader. The session of games and recreation was in charge of Redeemer's Youth Fellowship. Refreshments were served by the Senior Luther League of the host church. Dancing and a fellowship hour followed. The regular meetings of the young peoples groups will be held next Sunday night.

COMMERCIALS  
GETTING TO  
ALL FAMILIES

By CYNTHIA LOWRY  
NEW YORK (AP)—The alarm went off at 7 a.m. on a Monday morning after a rainy weekend during which the Jones family had stayed, for lack of anything better to do, glued to the television set.

Mrs. Jones sprang from her twin bed, stretched prettily and announced to her husband, "Darling, I slept a full eight hours—and I feel so rested. No sign of sleeping pill hang-over."

Mr. Jones raised a smiling face from his pillow and nodded: "And I feel great. No clogged sinuses, no achy feeling. I guess I won't have to use my nose-o-graph at all this morning. Those 12-way cold capsules with the millions of little time-pills are like magic."

3 PASTES  
As Mrs. Jones went down to prepare breakfast, her husband dressed. He brushed his teeth three times—once with the paste for people who can't brush after every meal, once with the bacteria-killing paste and once with the paste that holds its full quota of fluoride—and shaved twice—once with the lather that makes every whisker stand up straight and once with an electric shaver to reach his hidden beard.

"Do you notice the delicious tangy aroma released when I pour water in this full, rich instant coffee?" asked Mrs. Jones as her husband sat down at the table.

Their son entered.

"See his shirt," Mrs. Jones continued, "not just clean but clean clear through, whiter than white."

"Sure," said Mr. Jones, "but I notice he's still using that greasy kid stuff on his hair. After all, nine out of ten doctors prescribe the ingredients—no, it's hopeless, we're hooked."

EXTRA MARGIN  
"You mean?" asked Mrs. Jones.

"I mean," said Mr. Jones firmly,

of Mother Seton School will be held on March 18 and 25 from 9:30 to 11:30 a.m. and 1:30 to 4:30 p.m. Birth and baptismal certificates for each child must be presented at the time of registration. For a child to enter the First Grade in September, he or she must be six years of age by January 1, 1963.

Before that, he was a member of the York city police force for two years and served four years as police chief in North York Borough.

His survivors include a son, a daughter, two sisters and a brother. Funeral services will be Thursday.

Goodling's Seat  
Now Is Unopposed

HARRISBURG (AP)—Cumberland County Treasurer Herbert N. (Jeb) Stewart officially withdrew today as a candidate for the Republican nomination for congressman from the 19th District.

His decision leaves incumbent Republican George A. Goodling of Loganville unopposed in his bid for re-election.

The 19th District takes in Cumberland, Adams and York Counties.

Two Injured By  
Chemistry Blast

MEDIA, Pa. (AP)—Two youths were recovering today from a chemistry set explosion in the basement at one of their homes. One of the youths may lose an eye as a result.

Ralph Marino, Media, said his son, Ronnie, 17, suffered severe face and head injuries when an experiment being conducted by Walter Kiser, 14, exploded in Kiser's basement last Thursday.

Ralph Marino said Ronnie will probably lose his right eye. Ronnie was in Lanekau Hospital. Walter was in fair condition at Sacred Heart Hospital.

# MRS. KENNEDY WELL RECEIVED IN NEW DELHI

By FRANCES LEWINE  
NEW DELHI, India (AP)—

More than 100,000 Indians turned out Monday to give a warm-welcome to America's First Lady, Jacqueline Kennedy, starting a two-week visit to India and Pakistan.

Mrs. Kennedy's nine-day visit to India has been billed as a semi-official one, and Monday's welcome lacked the pomp and ceremony of state occasions. But it had the enthusiasm and color of greetings for such previous visitors as former President Eisenhower and Queen Elizabeth II.

## GREETED BY NEHRU

The sizable crowd along Mrs. Kennedy's seven-mile route from the airport was not the only surprise. She provided one of her own by departing from her scheduled program to see the pageantry of President Rajendra Prasad's drive home from the formal opening of Parliament. From a ramp-part overlooking Parliament she saw his shiny black horse-drawn carriage pass below escorted by mounted lancers in scarlet tunics.

After an overnight flight from Rome, Mrs. Kennedy was welcomed at New Delhi Airport by Prime Minister Nehru, his daughter, Mrs. Indira Gandhi, and his sister, Mrs. Vijayalakshmi Pandit.

A spokesman said Mrs. Kennedy was impressed by the warmth, color and graciousness of the reception.

## IN OPEN CAR

The U.S. president's wife was striking in a bright pink silk coat with a pink sombrero straw hat to shield her from the bright sun.

She rode from the airport into the city in the open Mercedes-Benz car that Queen Elizabeth II

# Celtics May Set Victory Record

By THE ASSOCIATED PRESS  
The Boston Celtics can break their own record for most victories in a National Basketball Association season when they go after No. 60 tonight against the Syracuse Nats at home.

The Celts hold a 9-2 margin over the Nats and a triumph in the regular season's finale would enable the Eastern Division champs to better their league mark of 59 set in the 1959-60 campaign.

The Los Angeles Lakers won their 52nd game Monday night to establish a mark for the most victories by a Western Division team. The St. Louis Hawks held the record of 51 wins made last season.

Los Angeles' Western Division titlists defeated the New York Knicks 119-106 at Seattle. In the only other game played, the Detroit Pistons turned back the Chicago Packers 121-116 at Green Bay, Wis.

used on her royal tour here in 1961.

There was a festive air to the crowd that came from villages far around—turbaned Sikhs, men in uniform, women in gay saris, school-children, babies in arms, even a snakecharmer.

Mrs. Kennedy and Mrs. Gandhi rode together in the open car for the parade into the city while the prime minister and Mrs. Kennedy's sister, Princess Lee Radziwill, rode in a closed car behind.

Mrs. Kennedy got only five hours sleep as her special Air India jet airliner flew from Rome into the rising sun.

Pope John XXIII granted her one of the longest private audiences he has ever held—Sunday—32 minutes. They usually run only 15 to 20.

The pontiff and the President's wife, a Roman Catholic, conversed privately in French in the Vatican library.

# INES DRAWN FOR CONGRESS IN DISTRICT

James M. Quigley, assistant secretary of health, education and welfare, Sunday night said he "definitely would not" make a fifth bid for his former congressional seat from Pennsylvania's 19th District.

"Only a minor miracle could cause me to change my mind . . . and file for nomination before 5 p.m. Monday," he added.

Three Democrats are seeking the nomination to represent York, Adams and Cumberland Counties. They are Kern L. Smith, York area businessman; Mrs. Jane M. Alexander, attorney from Dillsburg; and Gibson Smith Jr., York attorney.

GOODLING UNOPPOSED  
Former Judge Walter J. Anderson, of York County, who had been urged to run by a number of Democratic leaders, Sunday night said, "I decided some days ago that I wasn't interested in running," adding, "I was interested" before.

Congressman George A. Goodling, Loganville fruitgrower, apparently is unopposed for the Republican nomination. Herbert N. Stewart, Cumberland County treasurer, Sunday night said he has withdrawn from the GOP primary race in the 19th Congressional District in the "interest of party harmony."

Quigley, in a prepared statement, said that "reaching a final decision" on whether or not to run for Congress again "had not been an easy matter."

"I am pleased to be part of the Kennedy Administration and, under HEW Secretary Abraham Ribicoff I have several important projects under way in HEW," he said. "I frankly would hate to separate myself from these projects at this crucial stage."

## IS OPPOSED TO ST. PAT PARADE

NEW YORK (AP)—A Roman Catholic priest of Irish descent suggests St. Patrick's Day parades can have "bad effects" for Catholics.

The Rev. Edward T. Cooke, writing in the current issue of Information magazine, a national Catholic monthly published here by the Paulist fathers, says St. Patrick's Day celebrations are harmful to the church, Catholic schools and the Irish.

Father Cooke, curate in Our Lady Queen of Peace church in Maywood, N.J., noted that he had marched in New York's St. Patrick's Day parade four times as a high school student in the late 40s.

## "STRIKES FEAR"

"There, under the scrutiny of television cameras is a show of might and power and numerical size that strikes fear into the hearts of some Americans that these forces might be used for undemocratic purposes," Father Cooke said.

"We stand the risk of being misunderstood—of being thought of as divisive, of being judged a threat to public institutions."

Father Cooke also scored what he called the "anachronism of continuing to use 'the great day for the Irish' as the day for parading American Catholic education, as if the two were bound together inseparably."

LONDON (AP)—Vyacheslav Ragozin, Russian international chess grand master died Sunday in Moscow, the Soviet news agency Tass reported. He was 53 and had been ill a long time.

## FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor breath." Get FASTEETH at drug counters everywhere.

# A Lovelier You

By MARY SUE MILLER  
EARLY-BIRD BATH. Are you a slug-a-bed in the morning?

Groggy or grouchy, to boot? Feeling slow and sleepy mornings is a sign that your energy

is a slow starter. If you just took a few simple measures to prod your circulation, you would rise and shine.

The actual act of getting up can be less of a trial if only you ease into it. Never hurtle out of bed when the alarm goes off. Stretch out on your back instead, and perform this gentle eye-opener.

Lazily wiggle your fingers and toes. Then stretch one leg down and the opposite arm up; reverse the stretch. Now slowly pull in the abdominal muscles and stretch your neck. Finally get on your feet and reach for the ceiling—all in slow motion.

Next breathe deeply at an open window, then make tracks for a warm sudsy bath. Scrub vigorously therein and dry vigorously thereafter. Finish by rubbing down with cologne and splashing your face with cold water.

Of course you may think that these measures take more time than you can spare in the morning. In that event, you will have to decide whether you would rather get up 15 minutes earlier or spend half the day trying to wake up. Whether you would rather feel sluggish and act it, or feel, look and act alive.

LOS ANGELES (AP)—Opera star Dorothy Kirsten, 45, is in a hospital with what is believed to be hepatitis, a liver inflammation. She has called off a nationwide singing tour.

GLASGOW, Scotland (AP)—Fire broke out aboard the U.S. Navy missile depot ship Proteus while she was on a weekend training cruise in the Irish Sea, a Navy spokesman reported Monday.

The blaze apparently started in a pile of rags and lumber left too close to a funnel, an officer said. The funnel casing also started to burn.

The 1,000-man crew rushed to fire stations. A fire-fighting team doused the blaze in about 10 minutes, and no one was injured.

TOKYO (AP)—The foreign ministers of Japan and South Korea opened talks Monday to try to normalize relations between their two countries after 10 years of lower level negotiations had failed.

Hersh Freeman, former major league pitcher, will manage Cincinnati's farm team at Rocky Mount, N. C., this season.
